DESCRIPTION OF THE BOOK BOOKS: A MEMOIR

Larry McMurtry is known to be reclusive and extremely private, rarely giving interviews or making public appearances. Audiences are therefore sure to be eager to read this intimate and surprisingly personal memoir of the brilliant writer's love affair with books. McMurtry writes about his life as a boy growing up in a largely bookless world; as a young man devouring the world of literature; as a fledgling writer and family man; and as one of America's most prominent bookmen, becoming the astute and adventurous collector who would eventually open stores of rare and collectible books in Georgetown, Houston, and his hometown of Archer, Texas.

I say that from the start, because I hear the terms used interchangeably so often. Your memoir will be autobiographical, but it will not be your life story.
