DESCRIPTION OF THE BOOK LOW MOON

The acclaimed graphic novelist Jason returns with his most eagerly awaited book yet, thanks to the inclusion of the title story, the world's first (and likely last) chess Western. Originally serialized in 2008 to a huge audience in the New York Times Sunday Magazine "Funny Pages" section, "Low Moon" made Jason's 2008 appearance at the MoCCA Arts Festival in Manhattan the talk of the prestigious show, catapulting the Norwegian star to a higher level of mass appeal. This 216-page hardcover book features five yarns - all brand new with the exception of the aforementioned "Low Moon," which is collected into book form for the first time. The volume also includes deadpan, genre-warping tales of murder, revenge, and strained relationships.
