DESCRIPTION OF THE BOOK NO HAPPY COWS : DISPATCHES FROM THE FRONTLINES OF THE FOOD REVOLUTION

Internationally known vegan and bestselling author John Robbins has continued his observations and investigations into food politics and food-related issues of the day in his popular HuffingtonPost column, foodrevolution.org. No Happy Cows collects these recent observations along with never before published material for the first time in book form. Robbins shares his dispatches from the frontlines of the food revolution: From his undercover investigations of feed lots and slaughterhouses, to the rise of food contamination, the slave trade behind chocolate and coffee, what he calls the sham of "Vitamin Water," and the effects of hormones on animals and animal products. Topics include: The skinny on grassfed beef Greed and salmonella Junk food marketing to kids Soy and Alzheimer's Hormones in our milk Plus many more. Robbin's trenchant and provocative observations into the relationships between animals and the humans who raise them remind us of the importance of working for a more compassionate and environmentally responsible world.

Now a member of the Mercenary Guilds' elite guard, she fights on the front lines of her empire's first civil war. But Sara's priority isn't winning the war for the crown or empire. It's finding out the true circumstances of her family's downfall while keeping one mild-mannered scholar alive. We had had no food that day, nor did we get any that night, but were shoved into a hut full of Russians, who did not know what to make of us. We were so long of hair and beard, so ragged, so emaciated and so altogether filthy that they must have thought us anything but British soldiers. Captain Bannon, in his report dated July 15, which is appended to my report, states that his lines were subjected to a very heavy infantry fire from the front and left all during the night of July 12 and that the enemy opened fire with their artillery about 4.30 a.m. July 14.
