DESCRIPTION OF THE BOOK THE SUGAR SYNDROME

Brilliant new play about dating through the internet I like the internet. I like that way of talking to people. It's honest. It's a place where people are free to say anything they like. And most of what they say is about sex. Dani's on a mission. She's just seventeen, hates her parents, skips college and prefers life in the chatrooms on-line. What she's looking for is someone who is honest and direct. Instead she finds a man twice her age, who thinks she is eleven and a boy.
